

CALLING ALL NON-PROFIT ORGANIZATIONS...

German American's Clean Sweep project is a great fundraising opportunity for your organization...AND...a great community revitalization project for the City of Huntingburg.

Gather a group of hard-working people from your organization and help clean up the City of Huntingburg! Your team will be given a route to clean up and the trash bags to fill. When you are done with your route, bring back your bags of trash and we will pay your organization for each full bag you return.

Saturday, June 28th
