# Stellar Quarterly Update

June 30, 2015

# HUNTINGBURG, INDIANA

June 30, 2015

Greetings!

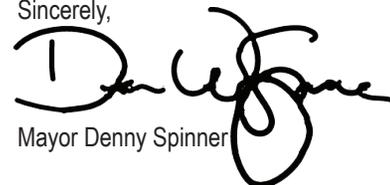

Welcome back to our “Stellar City Like No Other” as we update our state partners on our progress over the last quarter.

As you will see in the individual project reports, the City of Huntingburg continues to move forward on Stellar projects in a very aggressive manner. One project is in progress, public meetings have been held on three others, and a request for qualification has been received on yet another. The community engagement is continuing as committees of eager and involved citizens have taken part in every step of the process, and attendance at the public meetings is at a high level.

Our citizenry, our business community, and our corporate partners are all demonstrating what a Stellar Community is all about. Investment in Huntingburg is at an all-time high from the private sector as we use our Stellar designation to address regional issues such as workforce housing, new business development and quality of life. The partnerships we have developed are all due to the belief in Huntingburg and the Stellar Communities program.

We sincerely hope you enjoy your visit to Huntingburg and look forward to sharing our exciting progress with you over the coming years.

Sincerely,

Mayor Denny Spinner

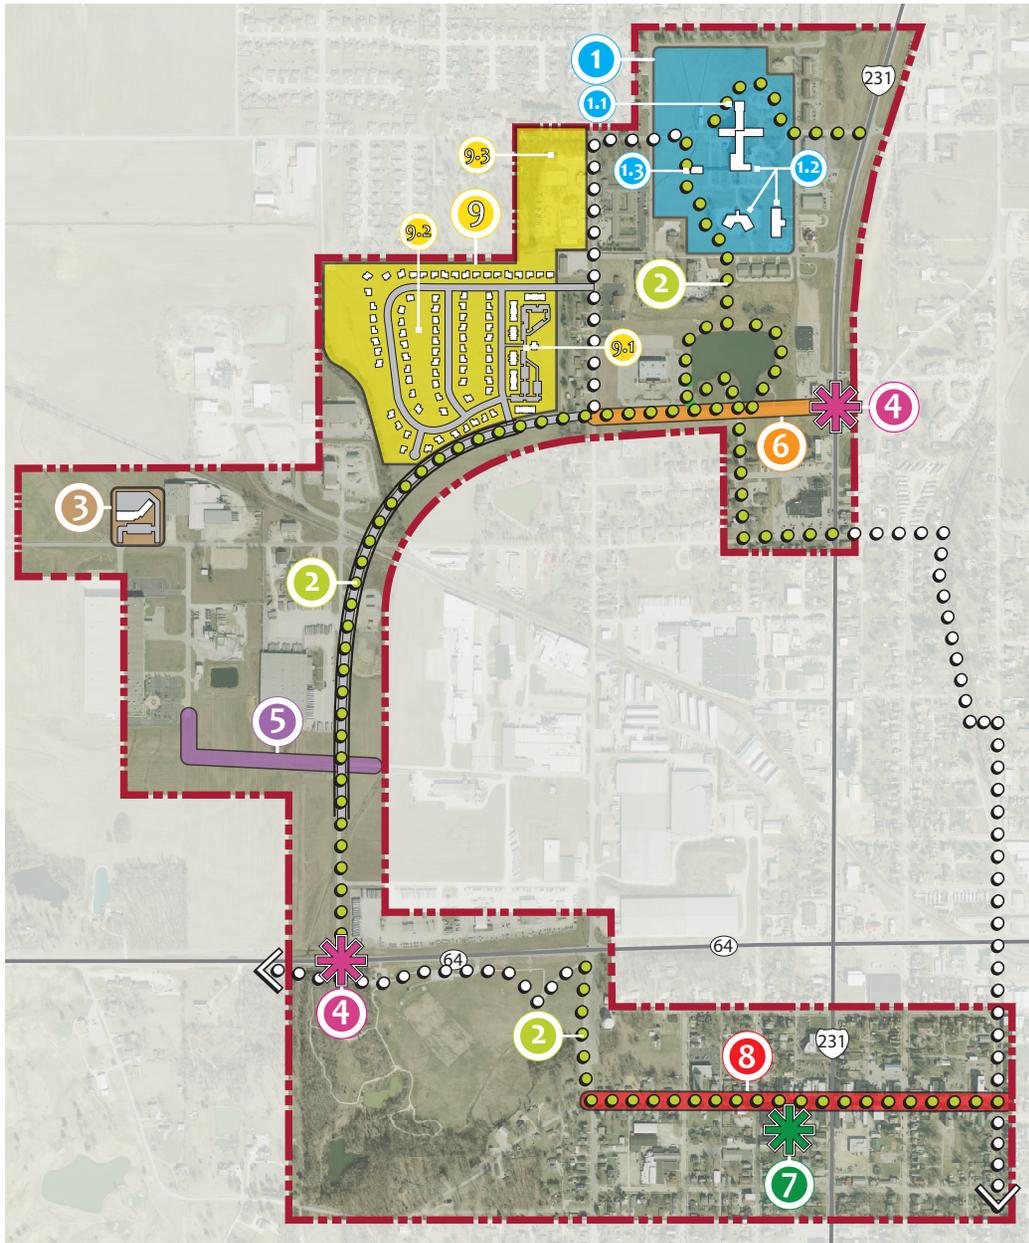

A
