

4th Street Heritage Trail PROJECT UPDATE

This Week...

Major progress was made this week on the trench drain. Excavation for the entire drain in Phase I is complete, and 168' has been poured back in. For those businesses in the East block, please note that Milestone will be working a full day this Saturday, March 16.

It has been brought to our attention that there have been issues with trespassers in the construction zone during non-working hours. Contractually, the site has been turned over to Milestone during construction, so they will take care of keeping non-authorized personnel out of the site during working hours; however, if you see someone on-site during non-working hours, please do not hesitate to contact the Huntingburg Police Department at (812) 683-4111.

Up Next...

Week of Monday, March 18 – Friday, March 22, 2019

Trench drain work will continue next week. Also, the alley on the North side of the block (between the former bank and vacant Overtime buildings) will be closed to both vehicular and pedestrian traffic on Monday, March 18 through Thursday, March 21 for underground structure placement and drain pipe connection work.

Reminders...

- Please keep thresholds and the areas in front of your doors clear and free of obstruction.
- Coordinate all deliveries with your local delivery company.
- Community parking maps, and additional information can be found at huntingburg-in.gov.
- Have a question about construction activity? You can schedule a time to meet with project representatives at Current Blend. Office hours are first Wednesday of each month from 11:00 a.m. – 1:00 p.m. To schedule an appointment, please email rtaylor@tswdesigngroup.com.

Important Contacts...

- Mark Marshall, Project Site Manager (812) 632-0219
- Rachel Steckler, Director of Community Development (812) 683-2211 ext. 1049

This email is intended to help provide weekly information to property and business owners on the construction activities during the reconstruction of 4th Street. Every effort is made to provide the most current and up-to-date information on construction activities, but please be advised that conditions and actual construction work may change as the contractor works through the construction process.
